**Be Revolutionaries!** In these days, as you reflect on the complementarity between man and woman, I urge you to emphasize yet another truth about marriage: that the permanent commitment to solidarity, fidelity, and fruitful love responds to the deepest longings of the human heart. Let us think especially of the young people who represent our future: it is important that they should not let the harmful mentality of the temporary affect them, but rather that they be revolutionaries with the courage to seek strong and lasting love; in other words, to go against the current: this must be done. ~Pope Francis, Humanum Colloquium, Rome, November 17, 2014
